

Study Guide

Pray: Pray that God will show you something new as you read this last chapter of Genesis and take time to reflect on the book as a whole.

There are only three questions this week and we kindly request you take time to carefully consider them throughout this week.

Only for the first question will we ask for an answer, the second and third questions are to prompt your thoughts, cause reflection and meditate upon. You can chose to share your answers to those in discussion on Friday....but will not be asked directly, or forced, to do so.

Questions:

1. What ONE word would you use to describe your personal experience with Genesis this year...only one word is allowed 😊
2. What has God taught you about Himself or yourself through the study of Genesis?
3. How has your life changed or will your life change because of what God taught you through the study of Genesis?
